

The DARE E18 Bass cabinet was originally designed to compliment the Award winning Eclipse loudspeaker pod, but since it has been used alongside many speakers, its high power rating (600 watts) and its compact size make it one of the highest powered horn loaded 18 inch speakers in the world.

The driver integrates an aluminium heat sink that dissipates heat at high temperatures, and minimises power compression, with a rigid Kevlar re-enforced cone material, a double spider system and a huge magnet motor, and the end result is an ultra powerful, dynamic and reliable speaker.

The half horn loaded ported loudspeaker cabinet, was pioneered by the engineers at DARE Pro-Audio, and increases the overall efficiency and as you can see from the Graph - creates a tight controlled response curve.

The cabinet is manufactured from exterior grade MDF; generally this material is regarded as acoustically ideal. Providing an accurate balance between denseness and flexibility, the cabinet is finished in an Eco friendly water based paint, that is both hard wearing and durable under touring situations, and is used by many of the leading concert box's.

Installation is simple and the cabinet can be placed on either plane.

DARE E18 600 Watt Bass speaker

ENCLOSURE TYPE	Compact Horn Loaded Bass speaker.
	single 600 watt 18" driver Single Horn Loaded
	To be used in conjunction with Dare SC3 Eclipse System Controller or equivalent.
DISPERSION	Omni
FREQUENCY RESPONSE	40 Hz to 300 kHz – minus 10dB
POWER HANDLING	600 Watts (with SC3 or 4)
SENSITIVITY	102 dB
MAXIMUM SPL	130 dB (peak)
NOMINAL IMPEDANCE	8 ohms
RIGGING & FIXING	to special order
INPUT CONNECTORS	2-x NL4C Speakon Wired +1 –1
CUSTOM FINNISH	Available in any BS, REL or Pantone® colour
DIMENSIONS	Height: 441mm Width: 576mm Depth: 736mm
WEIGHT	32 kg
SHIPPING WIGHT (BULKED)	56 kg
SHIPPING DIMENSIONS	840 X 570 X 700 mm Carton = 1 x per box

E18

Features

-  Unique Compact Horn Loaded Cabinet
-  Wide and even dispersion.
-  Wide/controlled dispersion.
-  600 Watt Power Handling.
-  102db Sensitivity.
-  Strong Perforated steel Grill.
-  Strong DARE Road paint finish
-  Simple Installation and maintenance
-  Five-Year Warranty

Applications

-  Main systems in theatres and Discotheques
-  Hi-Fi Quality Foreground Music
-  Aerobics and Sports Halls
-  Foreground Music in Retail
-  Theme Bars and Restaurants
-  In-fill systems in theatres and Discotheques.
-  AV Presentation
-  High Power studio monitoring
-  Live Music presentations
-  Dance floor Systems
